

PEP DOLLARS

WE WOULD LOVE TO HAND THEM OVER!

Things we are doing:

- Incentive for 99499 increased to \$100.00 per visit for dates of service 10/1/11—12/31/11
- Advised providers of visits completed that were PEP eligible but not billed with required CPT code 99499.
- Help with transportation for patients who have this as a barrier (call us for details)
- Now offering increased home visit and after hours reimbursement for dates of service above (see grid)
